BAY ST. LOUIS, MISS., FRIDAY, JUNE 18, 1943

VOL. 52 — No. 25

MISS MILDRED B. CAGLE BECOMES BRIDE OF LIEUT. ROBERT L. HAMILTON

One of the prettiest weddings witnessed here in some time was that of Miss Mildred Bernice Cagle, daughter of Mr. and Mrs. Roy Cagle of this city and Lieutenant Robert Lee Hamilton, son of Mr. and Mrs. Steven L. Hamilton of Port Gibson, Miss., which was celebrated on Sunday, June 13 at 4 p. m. at the Methodist church, the Rev. Eual E. Samples officiating at the single ring ceremony.

The bridal party entered to the strains of the Bridal Chorus from Lohengrin played by Mrs. J. B. Goldman pianist and Mrs. Roy Cagle, daughter of Mr. and Mrs. Roy Cagle of this city and Lieutenant Robert Lee Hamilton, son of Mr. and Mrs. Steven L. Hamilton of Port Gibson, Miss., which was celebrated on Sunday, June 13 at 4 p. m. at the Methodist church, the Rev. Eual E. Samples officiating at the single ring ceremony.

The church was tastefully decorated, the colors green and white predominating. Tall, potted palms were used with the white gladioli and smilax and the branched candle holders held the tall white candles which were lighted for the ceremony. The decorations were under the direction of Mrs. Alice Buckley.

The bride entered on the arm of her father and was a picture of youth and beauty in a wedding gown of white net over tulle with a sweetheart neck finished in lace and a heart shaped coronet of lace held in place the fingertip veil of illusion. She carried a shower bouquet of Stephanotis and gladioli.

She had as her maid of honor her cousin Miss Catherine Beasley of Jackson, who wore a gown of Marquisette of the Aquat shade and carried the yellow spring flowers. Her junior maids, Miss Shirley Shear of Bay St. Louis and Miss Clara Beasley wore the long dresses of yellow Marquisette and carried the small old fashioned bouquets of spring flowers.

Lt. Hamilton has as his best man Lieutenant H. Williams of Camp Claiborne and as ushers Lt. Tom Failey of Camp Claiborne and W. W. James of Bay St. Louis.

A reception was held following the ceremony at the home of the bride's parents in Carroll avenue where Mrs. Cagle, wearing a grey chiffon afternoon dress with a corsage of pink carnations was assisted in receiving by the bridegroom's mother, Mrs. Steven L. Hamilton who wore a flowered chiffon.

In the house decorations the green and white colors were maintained, using great clusters of white flowers and fern with the potted palms and in the dining room the bride's table which was covered with a lace cloth centered with the silver candleabra holding tall white candles and white flowers and fern were entwined around the table. Here the bride cut her four tiered cake while the maids stood eagerly waiting to learn their fortunes.

The couple left later for a trip to Camp Claiborne where Lt. Hamilton is stationed for the present. For traveling the bride wore a two-piece dress of black sheer worn with a small black hat and light blue accessories.

The Echo extends hearty congratulations and wishes for their long life together of joyous, useful living with clear skies ahead and a safe harbor.

Out of town visitors other than those named were Mrs. Della Cagle and Mr. and Mrs. Rivers Singleton of Gulfport, aunt and cousins of the bride and Mr. and Mrs. James McCormick of New Orleans, brother-in-law and sister of Lt. Hamilton.

ENTERTAIN AT FAREWELL PARTY

Miss Helen Biehl was the recipient Thursday evening of many lovely gifts when Miss Rita Cooney entertained at a surprise farewell party and shower in her honor at the K. of C. Hall preceding the regular Thursday night open house for service men. Miss Biehl who left Saturday, June 12th, for active service with the Spars in Miami, Florida, was thoroughly surprised which made the affair very delightful. Cake and refreshments were served following which the girls enjoyed the evening dancing and having a general round of fun.

Those present other than the honoree and her hostess were Mrs. F. J. Bopp, Mrs. Frank Cooney, and the Misses Audrey Biehl, Eunice Tudury, Rose Richardson, Mary Estapa, Frances Faucetta, Lena Sciana, Neomi Manieri, Gladys Capdepone, Rai Vairin, Evelyn Taconi, and a host of others throughout the evening.

Mrs. C. C. Ferrell and Mrs. Alfred Vassall entertained a small group informally at a bridge luncheon on Thursday at the home of Mrs. Ferrell.

The party was given in honor of Mrs. Irving Boulet of Larose, La., who is the guest here of Mrs. N. L. Carter and Mrs. H. Hutchins of Birmingham, Alabama, who is the guest here of her sister, Mrs. E. N. Spence.

LUNCHEON-BRIDGE AT HOME OF MRS. ELDERIDGE
Mrs. H. A. Elderidge and Mrs. W. J. Gex, Jr. entertained a small group for luncheon-bridge on Monday at the home of Mrs. Elderidge. The party was given for Mrs. Sam Hutchinson of Birmingham, Alabama.

ENTERTAINS AT LUNCHEON-BRIDGE
Mrs. J. H. Thomson entertained a group of twelve for luncheon and bridge on Wednesday at Hotel Reed honoring Mrs. Sam Hutchinson of Birmingham, who is the guest here of her sister, Mrs. E. N. Spence.

The party was one of the small informal affairs being given for Mrs. Hutchinson.

The luncheon table was centered with a bowl of gladioli and other spring flowers.

Maximum Dollars-And Cents Prices On Food Commodities Announced

Maximum dollars-and-cents prices on basic food commodities for the three Gulf Coast counties of Harrison, Hancock and Jackson were announced today by the Office of Price Administration. They become effective June 17.

Specific ceilings were established for all four classes of retail stores: the class one stores, which are independents with annual sales volume of \$50,000 or less; class two, independents with a volume of \$250,000 or less; and class four, all retailers whose volume is over \$250,000.

Commodities included in the pricing order are baby foods, cereals, butter, poultry, bananas, bread, cheese, dried fruit, canned vegetables and fruit juices, canned fish, coffee cooking oils and shortenings, lard, canned milk, flour mixes, sugar, syrup, macaroni and spaghetti.

Major W. E. Holcomb, state OPA director, said establishment of the ceilings is in accordance with OPA's recently announced "community pricing" formula. The Gulf Coast area is the second in the state in which community prices have been announced, the Jackson area being the first.

"Today's action," Major Holcomb said, "merely translates into dollars and cents terms the legal margins specified in previously issued regulations. It does, however, put into effect the lower prices on butter resulting from the subsidy program. This means a reduction of 6 cents a pound on most grades."

Publication of these community prices, Major Holcomb said, accomplishes two purposes:

1. It enables the housewife to know definitely, in terms of dollars and cents, the legal maximum price she may be charged for specific items.

2. It relieves retailers of the burden of figuring and paper work required in computing ceiling prices.

While specific ceilings are announced in this new order for several hundred items, hundreds of others which do not appear on the published list are controlled by the same system of "margin" markings.

These regulations, OPA explained, take into consideration the fact that there is a variation in retail prices for the same item in different types of stores as there always has been.

Small stores, OPA said, have smaller buying power and have to charge more for their grocery items. Most small stores also extend service to their customers that cannot be found in concerns with larger-volume businesses.

Major Holcomb said price panels of local war price and rationing boards will be responsible for administering the new program. Price panels are composed of volunteer residents of the counties.

"By placing a maximum dollars-and-cents price on each of these important commodities," Major Holcomb said, "the Office of Price Administration is further reducing the cost of living in the Gulf Coast counties."

"Each merchant is required to post conspicuously in his store a copy of the price table as well as identification of his class of store."

"Thus shoppers can tell at a glance if they are being asked to pay more than the established price."

"Any attempted over-charges should be reported at once to the price panel of the local boards."

FUNERAL SERVICES FOR PVT. JOSEPH L. KOERNER SATURDAY

Funeral services for Private Joseph L. Koerner who died on Tuesday June 8 at Camp Swift were held Saturday, June 12th at 4:30 P. M. from the Fahey Funeral Home.

Rev. Father John Neimeyer conducted the services at the Funeral Home and at Our Lady of the Gulf Catholic Church and was assisted at Cedar Rest Cemetery by Father Wm. Clark.

Those acting as pallbearers were Sergeant Bill de Bardenave, who accompanied the body of Private Koerner here from Texas, Pvt. Carlos Green, Jr., Nelius Favre, Donald Arceneaux, Curtis Favre and Luke Benigno.

Private Koerner was the eldest son of Mr. and Mrs. Leo Koerner and was a graduate of St. Stanislaus in the class of '40.

He took training as a machinist at Hattiesburg and went from there to Hartford, Connecticut, where he completed his training. He was employed by the Stanley Tool Company at New Britain, Conn., and from there he entered the service in February 1943 and was sent to Fort Devons, Massachusetts, for induction. From there he went to Camp Swift.

Private Joe Koerner was a splendid young man who was loved by those who knew him best. He was the type young man that makes for democracy and right living.

The wealth of beautiful flowers testified to the love borne him by his friends. The Echo extends to Mr. and Mrs. Koerner, his brother Clyde, who is in the Navy, his sister Iris Koerner deep sympathy for the great loss they have sustained.

Coast Group Womens Christian Service To Meet June 23rd

The Coast Group of Women's Societies of Christian Service will meet at the Bay St. Louis Methodist Church Wednesday morning, June 23rd at 9:30. This will be a most important meeting since the President of the Mississippi Conference Society, Mrs. W. F. Mahaffey will be present and also Mrs. L. O. Todd of Decatur, Miss., who is Conference Treasurer.

Mrs. Leo W. Seal, president of the local society received the information too late for announcement at the regular June meeting held on the 15th, and wishes through this medium to notify all members. Lunch will be served at noon and a short meeting of various sections will follow. Societies from all the coast and Picayune will be present.

WOMANS SOCIETY OF CHRISTIAN SERVICE MEETS

The Womens Society of Christian Service met on Tuesday afternoon at the home of Mrs. J. A. Evans with Mrs. Florence Mitchell and Mrs. Carrie Riddle as joint hostesses.

The committee group on financing reported \$100 realized on the rummage sale given last week.

The devotional "When I Consider the Works of Thy Fingers" was read by Mrs. H. B. Walthall and the topic "Across the Nation With Our Rural Workers" was given by Mrs. Eugene Mogabgab and Mrs. Donald Marshall.

There was a large attendance of the society and several visitors. Refreshments were served and a social hour, was enjoyed.

ENSIGN MELVIN JOHNSTON

ENSIGN MELVIN JOHNSTON

Melvin Johnston, son of the late Mr. and Mrs. Henry Johnston of this city was commissioned an ensign in the United States Maritime Service on Saturday, May 15.

Ensign Johnston is a graduate of St. Stanislaus in the class of 1935 and was employed as manager of one of the Hill Stores in New Orleans for several years. He later went as a clerk on a United States Merchant Marine ship and has been on many trips to the far east and the Mediterranean. He is now awaiting orders to leave for foreign waters.

Bay St. Louis is justly proud of its "boys" when they receive their commissions and it is of general interest to the town to read of the advancement of the native sons.

Ensign Johnston writes interestingly of his work and is cheerful and glad to be doing his part for his country.

Son of Former Bay St. Louis Resident Completes Twenty- Five Flights Over Enemy Territory

The son of a former Bay St. Louis resident broke into the War News last week. Captain Thomas A. Tomney, son of Mr. and Mrs. Patrick J. Tomney of 220 Calhoun street, New Orleans, completed his 25th mission as a navigator over enemy territory Sunday as United States Army Air Force bombers blasted submarine shipping yards at Bremen and Kiel.

Captain Tomney is the son of the former Miss Bertha Price, and a nephew of Constable Gerald V. Price. He is one of four brothers in the Armed service. Theo. Tomney is in the United States Navy and is stationed in New York City. Pat and Jimmy Tomney are in the United States Merchant Marine Service, stationed at the Henderson Point Base.

Captain Tomney graduated from Fortier High School and attended Tulane University for two years. He entered the Air Corps December 22, 1941. He has been awarded the Air Medal and two Oak Leaf Clusters during the eight months that he has been in England.

We, in Bay St. Louis, are, indeed, proud of the accomplishments of this young man. We believe that we know the feelings of his parents, and we sincerely hope that he and his brothers will come through this conflict unharmed and will return to land joy to their proud parents.

The State Pardon Board held its monthly meeting in the office on the 4th floor of the New Capitol last week. That is one board that always has plenty of business before it.

F. B. I. QUARTERLY CONVENTION HELD THURSDAY NIGHT

There was a large crowd out on Thursday evening at the FBI Quarterly Conference held here under the direction of R. J. Untreier special agent in charge of the State of Mississippi.

Mr. Untreier spoke of the privilege extended the "public" through these conferences which have been held four times a year since the spring of 1940. He explained that the purposes of the FBI is the mobilization of the police for service in cases of espionage and sabotage and to pass on to the public that the FBI has jurisdiction over all such cases and want them reported. All of this has been done in accordance with the president's proclamation in September 1939 which designated the FBI to handle all internal security matters.

Mr. Carl Marshall was introduced as the guest speaker who would address the group on safety.

Mr. Marshall first said that instead of being a guest speaker he felt the FBI was the guest of the city and that he felt that he was in the role of host to them rather than a guest. He said "We owe to Edgar Hoover the bulwark of American security" and continued by saying that we find in the FBI men the virtues of honest and integrity, in fact virtues that we admire. "The FBI," he said, "is the strong right arm and all seeing eye of the department of justice."

Mr. Marshall said that the deplorable things about accidents are that the largest percentage are avoidable. He said that most accidents are caused from a lack of respectability and obligation to his fellow man by the person in charge.

He gave the following figures: 12,823 soldiers killed, 15,049 wounded, 51,063 missing and in industrial accidents 64,500 men killed and twice that number in automobile accidents. He said the most sure safety we can build is to develop as near as possible 100 per cent efficiency in training our men.

This was the first of these conferences to be held in Bay St. Louis and was a most interesting and informative meeting.

The town and county are indebted to Mr. Untreier for his splendid program which he had to offer.

Meeting of Gulfport Field Hospital Council Held Wednesday

The regular monthly meeting of the Gulfport Field Hospital Council met on Wednesday afternoon at the Red Cross recreation building at the Gulfport Field. Mr. Edison McCabe, chairman of the council presided and a committee of three was appointed to select a name for the council so worded that it would embrace Picayune, Poplarville, Gulfport, Pass Christian and Bay St. Louis since they are assisting in servicing the council.

Mr. McCabe told what had been received for the Hospital and named some of the things still needed. There were representatives from Poplarville, Pass Christian, Gulfport and Bay St. Louis. The latter town was represented by Mrs. Leo Seal, vice chairman of the council and also chairman Red Cross volunteer special service for this county, Mrs. George R. Rea, director Civilian Defense office and Miss Elsie Spurl from the Bay-Waveland Garden Club.

The Hancock County chapter of Red Cross has pledged to make fifty bath robes for the convalescing patients.

MEMBERSHIP DRIVE FOR KINGS DAUGHTERS AND SONS TO START

Every Man, Woman and
Child Asked to Join—
Increased Demands of
Hospital Calls For
Additional Help

The annual drive for members for the Kings Daughters and Sons Circle will begin shortly and every man, woman and child in Bay St. Louis is asked to join and assist in this most worthy of causes.

Heretofore, the membership has been small in the circle but with the enlarging of the building and the continued growing demands of the hospital because of an increasing population, and with the rising cost of living, the hospital's operating expenses naturally have increased, hence the need for more money.

Members of the Hospital Circle will endeavor to contact everyone possible but our citizens are requested not to wait until they are called upon and asked to join because of the difficulties of transportation and shortage of help which everyone is enduring, but either mail or bring their membership fee which is \$1.35 per year to any member of the Hospital Board, or to Mrs. C. E. Craft, Superintendent. Everyone in every household is asked to stretch a point and join as the Hospital is without a doubt Bay St. Louis' most necessary unit and has contributed greatly to the health and well-being of the community. Any one of us at any moment may need emergency treatment which is there for us at all times, hence our membership fee which is small as an individual contribution, when added together with many other membership fees, can add up to a substantial sum and a handsome contribution to the Hospital's finances.

So don't wait another moment and make that check out to the Kings Daughters and Sons Circle for membership.

Men Released From Armed Forces Must Report To Their Nearest Board

Every registrant between the ages of eighteen and sixty five is expected to do something to aid in winning this war. Colonel Lawrence W. Long, State director of selective service stated that each man released from the armed forces for any cause must report to the local selective board within five days. This means the local board in which he is registered or the nearest local selective service board to which he lives if he is now employed. Every man released from the armed forces must be employed in an essential activity, either industry, agriculture, or health and welfare services. If he refuses to enter such work, he will of necessity be recalled into the armed forces regardless of the cause of his release. Men who have been classified in IV-F are also requested to report to the United States employment service for employment in essential activities. Those who can be gainfully employed in agriculture will be referred to the agriculture employment agency, headed in each county by the county agent. This is also applicable to the "H" registrants between the ages of 38 and 45 years.

Reemployment committees are organized in each local board area for the purpose of assisting discharged registrants who seek employment and assist them in retaining such employment in an essential activity. The clerk of each local selective service board is the secretary of each reemployment committee. The local board or the United States employment service is able to tell you what type of work is essential in either industry, agriculture, or health and welfare services. Reemployment committees have become very active recently due to the number of discharges effected by the armed forces, particularly with reference to those men over thirty-eight years of age who are being released at this time.

Every man between the ages of eighteen and forty-five, if physically and mentally able, must be employed in some essential way.

Mr. Chadwick is a brother of Mrs. W. L. Bourgeois of this city.

Fifty or more farmers and dairymen met on Monday night at the Catahoula school for the purpose of formulating plans for the organization of a co-operative creamery in Hancock.

Those present in addition to the dairymen were Marshall E. Cole, cooperative section regional office Farm Security Association, from Little Rock; Mr. Earl F. Wilson, Federal Bank for cooperatives, New Orleans; Mr. Hubert Duckworth, local office Farm Security Association; Mr. Charles Stone, Hancock County farm agent and Mr. James L. Crump.

The meeting was opened by Mr. Duckworth who stated briefly that the farmers were the promoters of the movement for the cooperative creamery and that the organization would be sponsored by them. He gave some detailed information as to organization, selling of stock, percentage of capital, etc., and then introduced Mr. Cole who outlined briefly the policies of cooperatives which he said is the most democratic organization we have. He explained the method of financing a cooperative and the basis of a loan from the FSA.

Mr. Wilson gave a lengthy outline of just what must be considered in the organization of a creamery and what capital would be necessary. He called the attention of the dairymen and farmers of the pitfalls which might be encountered unless protection against these were insured in the organization. He gave as essentials for the setting up a creamery; the need for one together with sound financing and sound management.

One of the facts brought out was that Hancock County is producing more milk than any other in Mississippi County and that it is being delivered to creameries in other localities.

Several dairymen, among whom was Bob Shaw from the Sellers district, gave informative statistics of the number of pounds of milk produced, how to guard against spoilage, problems of distance, etc.

Much interest and enthusiasm was evidenced at this meeting. A temporary Board of Directors was named. This Board met at the Courthouse on Wednesday and proceeded toward a permanent organization.

This movement for a creamery is being sponsored by some of the leading farmers and dairymen of the County, and we understand that quite a bit of interest is being shown by dairymen from other counties, who wish to join with our people in the organization.

At this time it appears certain that a creamery will be established.

Registrants For Induction Should Bring Certification Of Educational Records

Each registrant who is ordered for induction by the local board has been and is being requested to bring with him his certification as to educational qualifications. Diplomas, school certificate, or summary card of educational qualifications is all that is required. The purpose of this is to aid the armed forces in placing a man where he is best fitted, according to the type of education which he has had. If every registrant who is inducted will immediately present such information, he will secure a much quicker and better classification in IV-F are also requested to report to the United States employment service for employment in essential activities. Those who can be gainfully employed in agriculture will be referred to the agriculture employment agency, headed in each county by the county agent. This is also applicable to the "H" registrants between the ages of 38 and 45 years.

Reemployment committees are organized in each local board area for the purpose of assisting discharged registrants who seek employment and assist them in retaining such employment in an essential activity. The clerk of each local selective service board is the secretary of each reemployment committee. AN OPPORTUNITY FOR OUR BUSINESS MEN

THE farmers and dairymen in Hancock County have joined together to organize a cooperative creamery association to be located at Bay St. Louis. Hancock County is fast developing into one of the best dairying counties in the State. In fact, statistics show that we are producing in the county more milk than any other South Mississippi county.

Only a few years back Hancock County did not have a single dairy herd with the exception of the local dairymen in Bay St. Louis and Waveland who supplied the retail trade. Today we have over eighty dairy herds in the county.

The people in the northern part of our county heretofore have been transacting their business in communities located in other counties. We have heard this discussed on many occasions by the business men of Bay St. Louis. We have also heard this discussed by the farmers who are located in the rural sections of the county, and we can see today an opportunity for the business people of Bay St. Louis to bring back the people of the rural sections of the county to Bay St. Louis as their trading headquarters.

Well can we remember as a child, seeing the farmers from the rural sections coming to Bay St. Louis with their produce and leaving to go home with wares and merchandise purchased from the local merchants. In recent years this has not been the case. The farmers express the view that the merchants here do not carry the type of merchandise that they need.

Would it not be well for the business men of Bay St. Louis to get together and make an inventory of the situation as it exists, and wake up to the realization that much business that could be had for them that is going to other localities. One need only to visit the City of Piquette on Saturday afternoons to realize that there are more Hancock County people on the streets of this progressive little town, than there are Pearl River County people.

An opportunity is being afforded the business people of Bay St. Louis to bring to their city, a creamery, an organization of the dairymen from the rural sections of the county, and which creamery, when organized, will be located here. It is going to be necessary that some little financial assistance be given to these dairymen, as we doubt if it will be possible for them to raise all of the money that will be necessary for their organization to start business.

We believe that as and when this creamery is established the farmers and dairymen from the rural sections will again make Bay St. Louis their trading center if they are properly encouraged. The business people of Bay St. Louis should realize the amount of money that would be paid to the dairymen of the county for their milk. They should realize that this would be quite a big payroll and we believe that we should be far sighted enough to join in a movement to help the development of our rural section and start a movement to bring to Bay St. Louis the trade that rightfully belongs to the people of this county.

The responsibility lies with the people of Bay St. Louis to make some effort to bring this about. The opportunity is here. Will they heed it?

JOSEPH L. KOERNER

ON last Saturday evening the mortal remains of Pvt. Joseph L. Koerner were interred in Cedar Rest Cemetery. The funeral services for this young man were held at the Church of our Lady of the Gulf where he had served as an altar boy for many years.

We had occasion to talk to the sergeant who accompanied the body of this young man home for burial. He gave to us the details as to the death of this boy, stating that Joe could probably have lived had he only dropped out of ranks when he felt himself stricken, but that Joe was the type who would not be classed as a quitter.

We in Bay St. Louis who knew Joe Koerner intimately, know that the words of his sergeant are true. This boy was not a quitter. He was a leader in his community among the boys of his age. For several years he served as president of the Altar Boys' Society at the Church of Our Lady of the Gulf, and many times while attending Mass we were privileged to observe his leadership. Undoubtedly, it was this spirit of leadership which prompted him to carry on, in spite of his physical discomfort, feeling that he might be setting a poor example to his comrades.

He completed his high school education at St. Stanislaus and shortly thereafter attended training school at Hattiesburg, and from there he went to work in a war industry in Connecticut. He enlisted in the United States Army and was last stationed at Camp Swift, Texas.

In the death of this boy Bay St. Louis has lost one of its outstanding young citizen. A young man who was amiable, courteous, and a good son who gave his life preparing himself to fight for us. His parents, of course, are burdened with sorrow, but they should be happy in the thought that their son was a good soldier, for his God and for his Country.

When one thinks of the sacrifice made by fighting men one wonders why anybody on the home-front has any complaint.

Germany collapsed in the first World War and our own idea is that the Nazis will collapse in this war. The harder we hit 'em the quicker they will quit.

A. & G. THEATER SUNDAY AND MONDAY "MY FRIEND FLICKA"

Faithful Picturization of
Best Seller—Roddy McDowell, Preston Foster, Rita Johnson Top Cast.

Filmed in vivid Technicolor amid the craggy mountains of Utah, the screen version of Mary O'Hara's popular novel, "My Friend Flicka" is a classically simple story. With Roddy McDowell, Preston Foster and Rita Johnson featured, the 20th Century-Fox picture will be at the A. & G. Theater Sunday and Monday. Capturing the spirit of today's glorious West, the deep and tender love of its women, and the courage of its rugged men, "My Friend Flicka" is filled with swift and tumultuous action.

The millions of readers of the novel will be happy to learn that it has been faithfully brought to the screen. G. W. Blaise, Beautification: Mrs. Walter J. Gay, Mrs. A. P. ORTIE THEATER SUNDAY AND MONDAY "ANDY HARDY'S DOUBLE LIFE"

Theater Opens Sunday 3:30
And Monday at 5 P. M.

"Andy Hardy's Double Life" gets Mickey Rooney into comical troubles, galore, and starts him for college, but it leaves an idea that his double life is about to be tripled, for he's last seen looking over a beautiful co-ed on route to the same college. The picture will be shown Sunday and Monday at Ortie Theater.

Andy Hardy about to leave for Wainwright College, sell this jalopy to a friend, who manages to damage a greenhouse, and Andy is held responsible as owner. On top of that he meets a new girl and makes much over him, whereupon he gets romantic and she insists that she construes this as a proposal of marriage. On top of that, his father wants to accompany him to college and introduce him to the president—which would, Andy knows, ruin him with "the gang."

Hilarity Galore
How he gets around his three difficulties provides hilarity galore, with several deep touches of human interest and an inspiring "man to man" talk with his father.

Mickey as the irrepressible Andy has lost none of his effervescence, and Lewis Stone as the judge and father turns in his usual faultless performance, as do Fay Holden as Andy's mother and Cecilia Parker as his sister. Sara Haden plays Aunt Milly and Ann Rutherford his girl friend Polly, who conspires with a girl psychology student to "frame" Mickey with the proposal, situation to teach him a lesson.

The new girl in the picture is Esther Williams, famous as a national swimming champion, who is beautiful and a clever actress. William Lundigan is convincing as Miss Parker's suitor.

George B. Seitz directed with skill and knowledge born of the direction of other pictures in the Hardy series.

Important Announcement

GOVERNMENT LIFTS RESTRICTIONS ON RE-ROOFING AND RE-SIDING WITH ASBESTOS SHINGLES

Special Ruling Is Made to

Meet Critical War Program

MANY home owners have been postponing re-roofing and repairs to their homes because of their fear that only temporary materials would be available. Many others have obtained the impression that to have such work done would be contrary to the interest of winning the war.

If your home needs re-roofing, if the sidewalls need painting or repair, a special W. P. B. ruling just issued removes the restrictions on the use of asbestos shingles for this purpose. There is no longer any reason for you to postpone having this work done.

Pre-War Quality — Pre-War Prices

Johns-Manville Asbestos Shingles are manufactured to the same fireproof, durable quality standards as before the war. They are available at pre-war prices, too.

If your home needs painting or repair, we recommend J-M Asbestos Siding Shingles. They need no preservative treatment—are fireproof—permanent as stone—and will completely transform the appearance of your home. If you need a new roof, we recommend J-M Asbestos Roofing Shingles. They have the same desirable maintenance-free qualities.

Protect your home for today and for the future. We will be glad to show you samples of the new styles and new textures of these colorful shingles.

Long asbestos spinning fibre is an essential material in many war products. In mining asbestos, for every ton of long asbestos fibre, many tons of shorter-fibre must be produced. This shorter fibre must be utilized, and its principal use is in the manufacture of asbestos shingles. Restrictions were therefore lifted to increase the use of asbestos shingles and thereby insure an adequate supply of long asbestos fibre vitally needed for war.

Will Travel Rationing Become Necessary?

In conformity with the wishes of the Office of Defense Transportation—an authorized Government agency with which the L. & N. is fully cooperating in the handling of war-time transportation problems—the Louisville and Nashville Railroad urges passengers to refrain from non-essential travel. The need for this restriction grows out of the necessity of accommodating essential travel, and the present crowded condition of trains.

WHAT IS NON-ESSENTIAL TRAVEL?

The following trips are defined as non-essential:
Visiting friends in other cities.
Going home for the week-end.
Those of a sightseeing nature.
Any trips merely for social or pleasure purposes, including those for attending conventions, class reunions, etc.
Attending sporting or athletic events.

The railroads today are carrying nearly four times the passenger traffic they did in 1939, with practically the same amount of equipment. One-half of all available Pullman cars and one-third the number of coaches are being used now for transporting military personnel in special cars or special trains.

VACATION TRIPS

It is desirable, first, that vacations be spent at, or as near, home as possible. However, where journeys are involved, observance of the following would be helpful:
Spread vacation period over the whole year, instead of the usual concentration during June, July and August.
Commence and terminate vacations on Tuesdays, Wednesdays or Thursdays (relatively light travel days.)
Vacation trips should, in no circumstances, involve travel during holiday periods.

Take entire vacation at one time instead of splitting it into several shorter periods, involving perhaps more than one trip.

Essential war needs prevent the construction of additional passenger train equipment. Travelers must be prepared to encounter delayed arrivals and crowded conditions of the trains, and a lack of some of the usual travel comforts.
